### MESSAGE FROM MAXINE RENNIE EXECUTIVE DIRECTOR

It has been a busy season already, and we look forward to more wonderful community activities during the remaining winter months. The PEI Community Navigator team continues to support newcomers and new residents with a full scope of settlement services across PEI. Our roster this winter has included language training, information sessions, cross cultural exchanges, and fun networking opportunities such as skating, skiing, and karaoke!

We also wish to extend a huge thank you to the individuals and organizations which are integral to these events being successful in rural PEI. You help us realize our vision of building diverse and resilient communities.

-Maxine Rennie

### OUR MISSION

Individuals and families who choose to settle in rural PEI offer incredible value to the communities that they settle. In each of our numerous communities dotting the coastline or the inland rolling hills of our Island, you'll find a diverse group of community members who settled in PEI or were born as Islanders, coming together to help each other and create a prosperous and fulfilling life in Rural PEI. We are here to support the inclusion of our newest residents in all aspects of rural PEI life.

# **CELEBRATING FILIPINO CULTURE IN THREE RIVERS WITH THE FIRST EVER THREE RIVERS PEINOY FIESTA**

**"MONTAGUE, P.E.I. — Julie Ann Mabana is hoping her experience as a temporary foreign worker will help the migrant community in Prince Edward Island.**

Mabana arrived in Canada more than a decade ago from the Philippines. She worked in Alberta for a few years, then came to P.E.I. Now a permanent resident of Canada, she's working as the co-ordinator for the P.E.I. migrant worker support program, an initiative of the Community Business Development Corporation (CBDC).

"We have many Filipinos in our community. And we just wanted to share with Islanders about Filipino culture as a way to support our neighbours and get to know people in our community and the joy of their culture," said [Rachel] Buell, who is with the Community Navigators, a CBDC initiative supporting newcomers to rural P.E.I.

Rosie Concha, who came to P.E.I. for work less than a year ago and lives in Georgetown, said she's grateful for the event, especially during the winter when work opportunities and social activities are limited.

"We feel so bored at home and when we heard this activity, we are so excited," Concha said. "We Pinoys really miss our culture in the Philippines. So that's why we look forward to attending such activities."

## ESL Advanced Activity: Martin Luther King Jr.

### February is Black History Month, and January 15th is Martin Luther King Jr. Day

Martin Luther King Jr. was born in Atlanta, Georgia in the United States. He was an important leader in the civil rights movement from 1955 until he was shot in 1968. The civil rights movement helped Black people in the southern states gain access to equal rights, including the right to vote, labour rights, and desegregation, which is the process of ending the separation of people by race. King was a very important activist at this time. Activism means taking action to bring political or social change, and King took a non-violent approach to bring about these important changes. King was also a supporter of Native American rights, and he wrote about racism toward the Native American population in his book *Why We Can't Wait*.

A. If the statement is true, write **T** beside the sentence. If it is false, write **F** and correct the information.

2.  King did not speak about the rights of any other group but the Black population.
3.  King believed in using violence to make changes.
4.  In the 1950s, Black and white Americans were treated equally.
5.  King died of old age.
6.  King wrote a book.
7.  Activism means changing nothing.
